

# Cannock Chase AONB Management Plan Survey

Please give your views to help to develop  
our 2014-2019 Management Plan

Every five years we review and update our Management Plan to establish the way forward for the next five years. We also draw up an Annual Action Plan from this five year plan for action on the ground. The following questions focus on areas of the plan that are being reviewed. We want your views on:

- Should our policies and actions change or remain the same in the next five years?
- What has we delivered well and not well so far?
- What should our priorities be for delivery in the next five years?

We would be grateful if you could spend ten minutes filling in our survey. We'd love as many detailed comments as possible, but if you can only tick the relevant boxes below, your response is still vital, and will still help to shape our plan. **Please let us have your views before Friday 14 June 2013.**

## Vision and high level objectives

Do you agree with the following?

Yes No
