

**Consultation Day 15th September 2007
Cannock Wood Village Hall**

Responses

Have you seen a copy of the Management Plan?

71% said yes

29% said no

Is there anything that isn't in the Management Plan that you think should be?

75% said yes

25% said no

Issues;

- Too much tree felling
- Control of bracken which is swamping Castle Ring
- Climate change issues
- Not enough warning about school eg lights and signs
- Parking opposite the school
- Promotion of local facilities eg Beaudesert
- Lorries going across the Chase on weight restricted roads
- Make available leaflets on Castle Ring
- Toilets at Castle Ring
- Fly tipping at Marquis Drive off Stile Cop is very bad- not cleared enough
- Slang Lane and other narrow lanes without pavements would benefit from road humps, 30mph signs are ignored
- Dog bins required in busy areas
- Paying to park and getting no extra facilities
- Not wheelchair friendly by riffle range
- Worry regarding snakes on Castle Ring

Is there anything in the plan that you feel shouldn't be there?

100% said no

Are you satisfied with the current Management Plan?

100% said yes

How do you feel some of the actions in the plan could be monitored?

- More consultation days
- Press releases
- TV / internet coverage
- Displays at local events

- If you walk regularly in one or two specific areas try and record particular things in a diary then provide that to the Area of Outstanding Natural Beauty unit

Project Ideas

- Forest School
- More links with local schools about what the Area of Outstanding Natural Beauty does
- Put Area of Outstanding Natural Beauty on National Curriculum and get the officers out at the schools
